PROFESSIONAL SUMMARY

UI/UX Designer with professional experience in creating intuitive, user-centered digital interfaces for web and mobile platforms. Currently working as a freelancer collaborating with multiple clients to deliver custom design solutions. Completed internship at Arbutus Infotech with expertise in Figma, Wireframing, Prototyping, User Research, and Usability Testing. Strong foundation in design thinking, design systems, and managing end-to-end client projects from concept to delivery.

WORK EXPERIENCE

UI/UX Designer Intern

Jan 2026 – Apr 2026

Arbutus Infotech

Indore, India

- Designed user interfaces for web and mobile applications, ensuring intuitive and visually appealing experiences.
- Collaborated with the development team to translate requirements into wireframes and high-fidelity prototypes using Figma.
- Participated in user research and usability testing sessions to gather feedback and iterate on designs.
- Maintained and contributed to design systems to ensure consistency across products.

PROJECTS

Credential Network – Blockchain Credential Verification Platform

- Designed responsive web and mobile interfaces in Figma, creating wireframes, prototypes, and maintaining scalable design systems for live projects.
- Conducted user research and usability testing to enhance UX, while collaborating with frontend developers for smooth design-to-code handoff.
- Ensured accessibility and visual consistency across all screens through iterative design reviews and structured component libraries.

Hotel Booking Website – User Interface Design

- Designed comprehensive hotel booking website interface covering property search, booking flow, and payment systems.
- Created wireframes, prototypes, and design systems in Figma with consistency across all website modules.
- Conducted usability testing to refine user flows and reduce friction in the booking and checkout experience.

Freelance Client Projects – Branding & Design

- Worked with multiple clients to deliver custom design solutions, focusing on understanding client requirements and translating them into effective visual designs.
- Managed end-to-end design projects from concept to delivery, maintaining client communication and ensuring brand consistency across deliverables.
- Developed social media visuals and print-ready creatives that strengthened client brand identity and improved audience engagement.
